3. VITAL OPERATING RULES: ROLLING UPGRADE, EXIT & STATUS

GOVERNANCE & STATUS

RULE A: NON-CUMULATIVE ROLLING AUTO-UPGRADE (DOUBLING VALUE)

Rank rewards do **not** accumulate additively (\$10 + \$20 + \$40 ≠ \$70). Instead, holding your reward automatically rolls **100% of the active tier balance** into the entry fund of the next higher rank. Active holding value doubles at every level:
\$10 → \$20 → \$40 → \$80 → \$160 → \$320 → \$640 → \$1,280 → \$2,560 → \$5,120 → \$10,240 → \$20,480.

RULE B: INTERMEDIATE RANKS 1 TO 11 WITHDRAWAL (20% RESERVE • PERMANENT ID BAN)

A participant can initiate an exit withdrawal at any intermediate rank (Zen through Legend):

- **80% Net USDT:** Credited immediately to external wallet (20% protocol deduction retained for global queue liquidity).
- **Permanent Account Deactivation / Ban:** Initiating a rank withdrawal between Rank 1 and Rank 11 permanently terminates the ID. The ID is **permanently banned and CANNOT be reactivated in the future.**
- **Strict Forfeiture:** Forfeits all direct sponsor commissions (\$0.50), 5% team overrides, and queue upgrades forever.

RULE C: PINNACLE ULTIMA (RANK 12) PRIVILEGE (10% FEE • LIFETIME ACTIVE ID)

Members holding through all 12 ranks achieve **Apex Cycle Completion** at Rank 12 (Ultima):

- **10% Protocol Fee (90% Net):** Pays out **\$18,432.00 USDT Net** on the \$20,480.00 gross rank valuation.
- **Rank Queue Concludes:** The rank queue progression ends for this ID (no further rank pools).
- **Lifetime Active Status (Exclusive):** Unlike R1–R11, an Ultima ID **remains permanently ACTIVE for life.** The member can continue personally sponsoring new direct members (\$0.50 direct bonus) AND continuously receives the **5% team mentorship overrides** as team members upgrade ranks!
- **Strict Exclusivity:** This lifetime active earning privilege is valid **ONLY for Ultima (Rank 12) IDs.**

RULE D: COMMISSION WITHDRAWAL POLICY (FLAT 10% DEDUCTION)

All affiliate commission withdrawals (Direct Sponsor 5% [\$0.50] and Upline Mentorship 5% Overrides) carry a flat **10% protocol deduction** across all ranks.
